This document was financed through provisions of a
Community Development Block Grant from the U.S. Department
of Urban Development.

A map of Texas showing the location of Brewster County. The county is highlighted in red. It is located in the far west-northwest corner of Texas, bordering New Mexico to the west and Hudspeth County to the east. The county seat is Marathon. The map also shows the state's major cities and county boundaries.

Map 5A

Existing Water System 2020 (Citywide)

August - 2020

A scale bar and north arrow are shown. The scale bar at the top has a black circle with a white 'N' and an upward-pointing arrow. Below it, a horizontal bar is divided into three segments: a black segment on the left labeled '250', a white segment in the middle, and a black segment on the right labeled '500'. Below this is the text 'Meters'. At the bottom, a horizontal bar is divided into four segments: a black segment on the left labeled '500', a white segment in the middle labeled '1,000', a black segment on the right labeled '1,500', and a black segment at the far right. Below this is the text 'Feet'.

The maps and documents included in this planning study are to be used for comprehensive planning purposes only as reference material provided for laypersons, whether they are public officials or members of the general public. Recommendations for infrastructure improvements in this study, which are derived from engineering studies, or project cost estimates prepared by an engineer, are cited as such. Under no circumstances should material contained within this study regarding improvements to the City's infrastructure be construed as a detailed engineering plan, specification, engineering design, or any other type of document intended for the purpose of specific public work construction. The municipality and/or governing agency is responsible for obtaining the services of a licensed professional engineer to perform engineering design services for the construction of public works projects as required by The Texas Engineering Practice Act.

The lot, right-of-way, corporate and extraterritorial jurisdiction boundaries depicted on these maps were derived from readily available information such as existing corporate maps, Census maps, or plat maps from the County Clerk or Appraisal District and are representational in nature. Locations and characterizations of infrastructure, facilities, and structures depicted on these maps are approximate. The City and GrantWorks, Inc. do not intend to establish or confirm true and legal boundaries or exact locations of physical
